ARMATM
GATE

ARMA Gate is the latest in high security controlled entry systems by Secure Orbit Inc.

ARMA Gate is manufactured in segments, lowering transportation cost and simplifying installation. The Game Changer is our patent, precision splice technology.

WHY CHOOSE A SEGMENTED ALUMINUM CANTILEVER GATE

✓ LOW DEFLECTION

Heavy wall aluminum alloy segments are designed for minimal wind deflection.

✓ INEXPENSIVE TO SHIP

ARMA Gate's segmented design reduces transportation cost & eases transportation to the job site.

✓ SHIPS NEXT DAY

Our gates are always in stock and ship within 24 hours.

✓ FIT ANY OPENING

ARMA Gate's segmented design can be configured to fit any opening. No custom orders required. ARMA Gate exceeds industry standards and is automation ready.

✓ EASY MAINTENANCE

Should your ARMA Gate require repairs or replacement, damaged areas can be exchanged for new segments without changing the entire gate.
