# WHO WE ARE

---

ArmaGate is the manufacturer of the groundbreaking aluminum cantilever gate system that provides secure and reliable access control for Telecom, Utility, Transportation, Industrial, Residential and Commercial facilities. Through modular engineering, simple installation, and ASTM F2200 compliant designs; these gate models exceed industry standards. We have endurance tested our models in real world conditions through more than ½ million cycles, allowing you to feel confident that you have chosen the best gate for your property.

# OTHER GATES REQUIRE LONG LEAD TIMES

## The Outcome:

4 To 6 Weeks Lead Time

Potential Customer Frustration

High Cost Of Repairs

# ARMA GATE ELIMINATES LEAD TIME DISSATISFACTION

## The Solution:

Ships In 24 Hours

Eliminates Customer Frustration

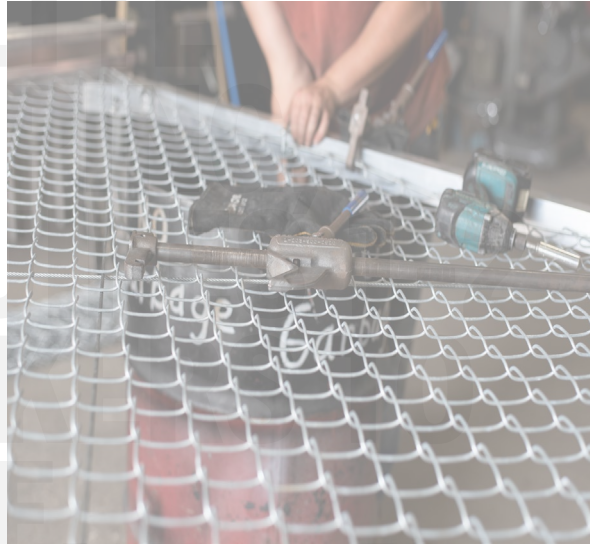

Segments Available For Immediate Repair

# OTHER CANTILIVER GATES ARE VERY LARGE

## The Outcome:

- High Cost Of Shipping
  - Requires Lifting Equipment
  - Heavy Carbon Footprint
-

# ARMA GATE IS POWER, WITHOUT THE WEIGHT

## The Solution:

---

Multiple ArmaGates Can Be Shipped On A Single Pallet

Only Requires 1-2 Workers To Lift The System Into Place

ArmaGate Is A Green Alternative
